

Blinking Stop Paddle

You can make your school zones safer by illuminating your crossing guards with these high-tech attention-getters.

The toggle switch allows for off, single flash or triple flash per second modes. The internal mercury switch automatically deactivates the unit when it is positioned horizontally or upside down.

Thus, sign will flash only when held upright. This feature eliminates the need to switch off an on repeatedly. This unit is lightweight, weighing less than two pounds, keep arm fatigue at a minimum.

Features:

- 2-sided 18" sign sheeted with Engineer Grade reflective sheeting, LED lights, and STOP
- Light Weight - Less than two pounds!
- Runs for over 20 hours of continuous operation on 2 AA rechargeable nickel metal hydride batteries
- Every paddle is supplied with one AC charger and one DC car charger

Product: # SZ1015HIP | \$220.00
