

School Zone Safety Supply

Channelizing Devices

These channelizing devices can be used to warn, alert, and delineate drivers through school zones. They are a great way to keep vehicles in their respective lanes and guide them safely through a school zone.

Channelizers are durable, flexible, and able to withstand the abuse at intersections and heavy traffic areas. Each delineator ships complete with a 36" post, plastic base, aluminum pin to secure post to base, and adhesive butyl pad to hold base to asphalt or concrete road surface.

Colors: White, Yellow
